May-June 2019

We rejoice in all that God has done these past two months! **MAY** brought many work days at the new church building, along with a couple of church family work/picnic days. We were very encouraged to see our church family work together to get the new building ready for the official opening on our church's anniversary. Having this new location, and a larger property has been a blessing for our church people, and it is more accesible for many who before traveled an hour by bus!

JUNE arrived, and along with it Iglesia Bautista Redención's 2nd anniversary! We were blessed to have a full house, with many from our mother church, and also visitors from the neighborhood joining us! It was exciting to see how God worked it all out. And since then, for the past month we have had 1 new family, plus a few individuals, and one returning family coming faithfully to every service. Please pray for continued growth for these families. Some have not been attending church anywhere for over a decade!

A **MISSIONS TEAM** from Faith Baptist Temple in Ohio joined us at the end of June to help with painting, a multitude of other odd jobs, and to help coordinate an evangelistic event. They tirelessly worked to help us get everything together, and were such a blessing to our family and our church! Many neighbors showed up at the event to recieve free eye checkups, clothing, and haircuts. One young lady recieved Christ as her Savior, and a few more visited our church the next day as a result of the hard work and prayers! Praise God!

Hanging the sign on the newly-painted church building!

2nd church anniversary

Evangelistic event with the Faith Baptist Temple missions team
