Sending Church: Cherry Street Baptist Springfield, MO 417-889-1999

August-November 2019

**FURLOUGH** is what has kept us busy these past 3 months! We flew up to the U.S. at the end of August, and are looking forward to flying back this coming week on December 3rd. What has come in between has been a whirlwind of traveling through or to twenty states, reporting to almost twenty churches, and seeing many family and friends on the way! We enjoyed ourselves, tired ourselves out, and thoroughly appreciated being able to report about what God has been doing during the past five years in Argentina.

It is a privilege to serve there, and to represent our supporters on the field of Argentina. **THANK YOU** all for your prayers and your financial support. We do not take lightly the sacrifices others make so we can live in Argentina and dedicate ourselves full time to sharing the Gospel and discipling the believers God has given to our care. While we were gone, we left many of our **CHURCH FAMILY** in charge of the different ministries at the church. We are very thankful for many of our church people, who have ministered faithfully to

each other and to new attenders while we have been gone. We are also thankful for the help from our church's mother church, Calvary Baptist church. It has been good to know our church is taken care of, but we have missed our people and the country God has called us to, and look forward to being back just in time for a women's retreat and Christmas events. Please pray that God will be glorified through the end of this year in our ministry, and that our yearly church planning and camp season in January will go smoothly.

One of our many missions conferences at Serenity Baptist Church in Ohio

Thankful to have spent time with much family, including Rachelle's grandparents and Ben's whole family!

Ladies' event while we were gone! Thankful ministry is still going on without us there!
