January-February 2020

CAMP SEASON is finished and we are thankful for a full January, and part of February with different camps and retreats to keep us running besides the regular ministry. Ben was a counselor for 2 of the 3 weeks of youth camp. There were over 80 older teens and more than 60 kids , which was a high attendance, so we praise God for that! We especially praise God for all the decisions made for Christ during those weeks of camp. We thoroughly enjoy ministering during camp season, because so many life-changing decisions are made during those weeks. Ben also spoke at a camp that is over 2 hours from here, and was thankful for the opportunity to serve there. Please pray that the decisions made during these weeks will be long-lasting.

We also enjoyed a **MISSIONARY & PASTORS' RETREAT** in February, which had helpful teaching, and great companionship with other ministry families. Also, we took eight couples (including Ben and I) from our church to the annual **MARRIAGE RETREAT**. The attendance was over double last year's attendance from 20 to 46 couples! We praise the Lord that there are so many couples in the area churches wanting to strengthen their marriages. Please pray for these marriages to be healthy and God-honoring so as to have spiritually healthy families in our churches here in Argentina. As far as our church's couples, please pray specifically for Martin and Carolina, and Gabriel and Celeste. Both marriages have many obstacles to overcome.

The rest of February has been spent planning for the following events coming in **MARCH**:

- * The beginning of the kids' homeschool year
- * The beginning of the seminary school year (for Ben)
- * A large evangelistic event our church held on March 14th.

UPDATE: Since this prayer letter is being released after the community evangelistic event, we ask you to pray for the soul saved, and the many visitors who listened to the Gospel and showed a desire to know more. More details will be given in the next prayer letter. Also, Please pray our church will be a light in the community around us through this trying pandemic that is sweeping the world.

The teens from our church who attended teen camp

Our whole family went to kids camp including two kids from our church

Praise God we had eight couples attend the marriage retreat!
